

## Meet your Manassas ATC

During this webinar, controllers from the HEF tower will be on hand to talk with you and to answer your questions about air traffic control on and around the Manassas Airport, particularly changes to Restricted Area 6608, which comes with some operational restrictions specific to IFR pilots.

**Directions:** This webinar is a follow-up to the one we hosted on March 25th. We hope to see those that didn't have a chance to see the first one and those that still have questions. This webinar will be held via Zoom. You must register for the webinar using the link below.  
<https://us02web.zoom.us/join/register/tZckcemvqTMrHtJyYlOoRAw4WOvd7COjKpSA>  
After registering, you will receive a confirmation email containing information about how to join the meeting.
